Amaryllis Hardy

Halli (Lycoris squamigera)

\$30.00 per 100

Produces in early spring attractive green foliage which grows until July when it ripens and disappears. About a month later, as if by magic, the flower stalks spring from the ground to a height of 2 to 3 feet, developing an umbel of large, Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. Cover crown about 4 inches.

Camellia Double: The flowers are of the Camellia type and very large. This is best for greenhouse culture.

Carnation or Double Frilled: (Fimbriata Plena) This type produces a large double, resembling a carnation in form. The petals are frilled and have serrated edges.

Crispa or Single Frilled: Produces large, profusely frilled and ruffled single flowers.

Hanging Basket or Lloydii (Pendula fl. pl.) This is the Pendula or Lloydii type, containing double flowers only. Often hundreds of blossoms to a bulb.

OTHER BEGONIA TYPES IN MIXED COLORS

The following are distinct types of begonias and come in mixed colors only.

Cristata or Crested Type: A single type, slightly frilled, a coxcomblike tuft or crest is borne on each petal.

Marginata: A crispa type flower, white with pink edge, and salmon with copper edge.

Marmorata: A camellia flowered double bloom mottled in red and white

Multiflora: Large numbers of small flowers.

Picotee Double: A camellia type blossom with the edges of each petal in a different shade of color. Available in mixture only. Rose-Bud: A double type resembling rose buds.

RECOMMENDATIONS ON FORCING WEDGEWOOD IRIS

"If bulbs are to be precooled, use 6 weeks at 50 degrees. Plant **IMMEDIATELY** after removing from the precooling chamber, using deep flats (5-6") and good soil. Keep flats cool (48-52 degrees if possible) and moist until shoots are $2\frac{1}{2}$ inches high and then force at the following night temperatures:

10-11—not over 57 degrees F. 9-10—not over 55 degrees F. 8½-9—not over 52 degrees F. 8-9—not over 48 degrees F.

"Lower both day and night temperatures during cloudy weather. Do not attempt to force bulbs harder to obtain earlier blooms than the size of the bulbs will stand."

"Provide good aeration; keep soil moist at all times; avoid placing flats close to heating pipes; avoid dead air pockets."

Blooms in summer and very fragrant. Used widely for commercial cut flowers.

Narcissus

FANCY VARIETIES

FORTUNE	DN #1	DN#2
Per 100	\$14.00	\$11.00
Per 1000	125.00	95.00

This variety is definitely giving King Alfreds keen competition for the "King" of the Daffodils. Blooms about 2 weeks earlier than King Alfreds.

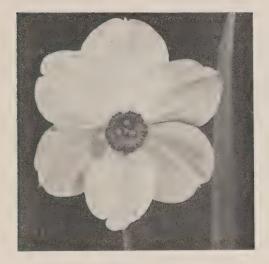

Broad, creamy yellow perianth of very solid texture, crown of great size and elegant form, opening at mouth and beautifully frilled, of a glowing soft orange. A Giant Incomparabilis of perfect form, early; a strong grower.

G	OLDEN HARVEST	DN#1	DN #2
Per	100	\$14.00	\$11.00
Per	1000	125.00	95.00

This is a yellow Trumpet Daffodil which has developed into a commercial advantage by its sheer size of Flower which is larger than King Alfreds.

Undoubtedly one of the largest trumpet varieties in existence. The perianth is well formed and overlapping; the trumpet is of good shape and proportion, rolled back at the brim. The color is deep golden-yellow.

NARCISSUS and **DAFFODILS**

King Alfred

King Alfred Daffodils

The king of all daffodils. Yellow trumpet. Ideal for greenhouse or garden.

Five Varieties on One Tree	LJ	Delivery
Sold in Multiples of Ten Only BARE ROOT	$\frac{9}{16}$ " 4/5"	$\frac{11}{16}$ " 4/5"
Apples	\$1.50	\$1.95
Peaches	1.50	1.95
Pears	1.50	1.95

Perfect for small area back yard.

The five or more different varieties are budded on standard fruit tree of specially selected stock. For successful culture it is important to see that each limb has a chance to develop equally.

Pears

Five varieties, ripening from August to November, on one big, strong, dormant budded pear tree.

Kieffer, Douglas, Garber, Bartlett and Early Harvest.

Apples

Made by budding six different, carefully chosen varieties on a selected specimen of standard apple, bench grafted and 2 or 3 years old. Winesap, Yellow Delicious, Red Stayman, Lodi, Double Red Delicious and Grimes Golden.

Peaches

Five different peaches, chosen for flavor, quality and full season bearing, budded on one of our "dormant bud" standard peach trees.

Early Rose, Golden Jubilee, Belle of Ga., Elberta and Indian Cling.

NURSERYMEN'S EXCHANGE

Kitty Daisy

New Variety

We are proud to be the first one to introduce this latest sensational variety. Our stock this year is limited, therefore all orders are shipped on a strictly first come, first served basis. This variety is proven to be this season's top notch Daisy, by commanding the highest market prices.

Our daisies are choice, disease free plants. Our ability to supply these top quality Daisy plants has made us one of the outstanding shippers of Daisies in the country. We recommend our Daisy plants to Flower Growers. Retail Nurserymen and Florists should plant Daisies in gallon cans or in pots as the Spring, Summer and Fall blooms will sell themselves.

We are not listing, anymore, all Carnation varieties grown. Therefore we have consolidated this listing to what commercial flower growers have proven to be the best all around varieties for flower production.

Varieties not listed will be supplied on request.

*Patented varieties.

†3-Yr. Restricted sales agreement.

Spring Delivery

CARNATION PLANT BANDED COLLECTION

F.O.B. Los Angeles

Includes 8 varieties. Ten of each variety are shipped and includes a well balanced collection of all colors, individually labeled as to variety which is ideal for dealer sales. 80 plants in $2\frac{1}{2}$ " plant bands \$10.00

CHRYSANTHEMUMS

ROOTED CUTTINGS GROWN BY SPECIALISTS

F.O.B. Ohio

Shipped only via Air Freight

Place your order early to insure shipment in ample time. It requires about 5 months for shipment after order is placed.

TERMS OF SALE

- The minimum total order that can be accepted is 500 cuttings.
- 2. Fifty of each variety is the minimum that can be supplied
- 3. More than 50 of a variety must be in multiples of 50.
- 4. No C.O.D. orders.
- 5. SAFE ARRIVAL cannot be guaranteed. All shipments must be in satisfactory condition before being accepted by the common carrier. Our responsibility ceases upon receipt of shipment by their agent. If shipment arrives in bad order customer must file claim against the common carrier.

BEGINNERS MUM COLLECTION

Includes 10 varieties Anemones, Poms and Single types and 10 varieties in large Standard types. Fifty of each variety are shipped, which includes a well-balanced collection of all colors and types of 1000 plants, individually labeled.

SPECIAL MUM COLLECTION

Feathery, Spidery and Threadlike types. The collection includes 25 each of eight choice varieties, each of a different color—200 plants in all, individually labeled.

Rooted Cuttings \$20.00 F.O.B. Los Angeles Plant Banded $2\frac{1}{2}$ " 30.00 F.O.B. Los Angeles

NIPPON MUM New Introduction

Perpetual Blooming Chrysanthemums

\$17.50 per 100 \$150.00 per 1000

Has flowers of the Anemone type with about 50 broad petals in 3 rows, pure white, 3 inches across and is an upright grower. Where there are frosts during the winter months this variety cannot bloom in mid-winter, but starts to bloom in April at an average height of 15 inches or so. It continues to bloom until frost.

When it is grown for cut flowers it must be well fertilized and pulled up artificially by means of over-crowding or artificial lights thus it may be had with an 18-inch stem.

Mum Varieties listed on next two pages.

Hydrangeas

Jan.-Mar.

Greenhouse men have often said our Hydrangeas are America's

Outdoor nurserymen have used our 2-3 heavy cane stock with great success by planting them in egg cans and averaging about 4 to 5 blooms in the summer.

Altona: clear pink
Ami Pasquaar: red
Engel's White: strong grower
Europa: salmon pink

*Gertrude Glahn: dark rose Hamburg: carmine

tamburg: carmine tank

*Kuhnert: rose pink
Merveille: light red
*Niedersachsen: light pink
Sonnengruss: rose pink
Strafford: dark pink

California Privit

Sept.-Apr. Delivery

The Ideal Hedge Plant

12"-18" and up; well branched. \$6.50 per 100; \$57.50 per 1000

BIRD VITA-BAND PLANT BANDS

VITA-BAND 40: Growers are reporting outstanding results in vigorous wellbalanced growth. Exclusive nutrient treatment affords a liberal supply of balanced plant food. Transplanting shock eliminated, saving 1 to 3 weeks setback. Sturdy fibre resin construction maintains best moisture conditions with watering frequency cut 50%. Save space and growing time. Quick set-up and rapid removal.

VITA-BAND 10: Designed for growing periods of 8 to 10 weeks. A low-cost nutrient treated band especially good for annuals and vegetables. Produces growing results similar to Vita-Band 40.

HEATING CABLE SETS

Gives You Better Germination—Faster Propagation—Healthier Plants Ready in Time for the Early Markets

Cable—For outdoor frames or greenhouses where heating cable is buried in the soil but the surrounding air is not heated by other means, approximately 10 watts per square foot of surface area is required.

In greenhouses etc. where the air as well as the soil is heated, approximately 5 watts per square foot has been found adequate. Heating cable is rated 6-2/3 Watts per lineal foot. It must be used in multiples of 60 ft.

60	ft.	cables	400	Watts	110	volts
120	ft.	cables	800	Watts	220	volts

Therefore a bed with soil heating only, with area of 160 square ft. should be heated as follows:

160 sq. ft. times 10 watts/sq. ft. == 1600 watts	
For 110 volts, use 4-60 ft. lengths in parallel	watts
For 220 volts, use 2-120 ft. lengths in parallel	watts
For 440 volts, use 1-240 length	watts
110 volt Heating Cable— 60 feet\$ 9.95	
220 volt Heating Cable—120 feet 20.75	

Thermostats

For small jobs using only one or two of the 110 volt cables, the light duty thermostat is most economical. Do not use on voltage greater than 110 or more than two 110 cable sets.

For larger jobs, the heavy duty thermostat with bulb set in soil and with box containing electrical mechanism remote; the connecting tube is 18" long. This thermostat can be used for maximum of six 110 volt cable sets or six 220 volt cable sets.

Cat.	No.	366X54—Light duty Thermostat\$	7.50
Cat.	No.	366X54G1—Thermostat Assembly	8.95
Cat.	No.	4980281G18—Heavy Duty Thermostat	13.65

Heavy duty Thermostat Assembly. Thermostat wired to a duplex outlet box and cord set. Cat. No. 4984571G2.....\$17.45

Complete book of instructions is packed with each cable set.

Use the cable in hotbeds, solid frames or greenhouse benches.

Bring in your crops earlier with these Cable Sets than your competitor who does not utilize them.

TERMS OF SALE

- Costly back ordering means time lost in starting crops. Rather than keep you waiting for items that are delayed or are scarce, we will substitute with varieties equally good or better unless you say "No Substitute."
- 2. No complaints entertained after five days from receipt of merchandise.
- All orders are accepted subject to cancellation in case of crop failure and other conditions beyond our control.
- 4. We supply 250 at the 1000 rate of each variety, except where specified to contrary.
- 5. This price list cancels our previous lists and quotations. No orders, please, for less than \$5.00.
- 6. All prices subject to change without notice.

- 7. Terms—Customers not having an established account with us, please send remittance with order. 50% in advance on all C.O.D. shipments.
- 8. All stock travels at risk of purchaser. This stock is carefully packed and we hold "good order" receipt from the Transportation Co. for same. There our responsibility ceases. If the stock reaches you in bad condition accept it "in bad order," notify agent and bring claim against the Delivering Co. for damage caused by their negligence, as no allowance for this cause can or will be made by us.
- 9. The Nurserymen's Exchange gives no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out; they will be in no way responsible for the crop.
